P.O BOX 43 WAMBA, Mobile: 0720 - 925992  
Wamba Via Maralal

7<sup>TH</sup>, FEB, 2009

Dear Mike,

Receive my sincere greetings in Jesus Name.

We are well here in Kenya. It is very dry.

Form ones are reporting and the boy you told me have already reported.

### **To unto the least of His – Bobby Gale**

On behalf of Wamba School Community, I wish to send our sincere regards to Bobby Gale and Unto the Least of his Ministry for the kind donation of two (2) 10, 000 litres water tanks to Wamba secondary school Northern Kenya.

The school often face water shortage causing interruption of school programmes and some times students released to go home due to unavailability of water. The kind donation shall go along way in enhancing water storage during rainy seasons.

We look forward for a lasting solution to be found to solve water problem in the school through support from well wishers and friends.

Thank you and God Bless.

**Solomon Leseewa**  
Principal

**Students of Wamba Secondary School in Northern Kenya appreciating the water tanks donated by UNTO THE LEAST OF HIS – BOBBY GALE USA, for roof catchment to alleviate perennial water shortage in school**

**Installation of water tanks for roof catchment at Wamba Secondary School in Northern Kenya**

**Off loading of water tanks in Wamba Secondary School from a G.K. lorry from Arid lands resource management project who facilitated transportation of the tanks by providing the lorry.**

**Rolling of tanks to site of installation in Wamba secondary school Northern Kenya. Thanks to Unto the Least of His – Bobby Gale USA.**
