**A word from Bobby**

A great harvest can come from the smallest of seeds. I have seen this to be true in the temporal and the eternal. When we lived in Toombs County, we were able to witness the planting of small seeds and the harvesting of great crops from the small seeds. It is awesome to witness small kernels of corn being placed in the ground and then to see them mature into a full field of corn!

I believe the Lord specializes in small beginnings and it is His delight to watch His fields come into full fruition just as a farmer delights in a bountiful harvest.

Willachoochee UMC and Beulah UMC, under Rev. Eddie and Karen Morrison's leadership, with the anointing of the Holy Spirit, planted seeds of kindness. These are not large membership churches, but they are large lovers of God's people. They accepted a vision of helping the least to have a fresh drink of clean water in Jesus' name. These 2 churches took on the responsibility of helping 10,000 Northern Kenya's pastoral nomadic Maasi people to have their very own water well and pump house. After eating a rack of ribs from Fred and friends' grill and singing about 15 verses of Amazing Grace, the churches purchased a water well for a people that they most likely will not see until the great harvest of heaven. The churches made a donation of \$17,299.99 toward these indigenous peoples' health and well-being!

God sowed blessings into their congregation and they used their blessings to bring a great harvest of souls to our God. What we are doing with our blessings today will help us know what kind of harvest we will have tomorrow! Thank you for an awesome expression of love!

**Our Vision**

*The vision for this ministry is to equip local churches to become more actively involved in Christian mission opportunities and service.*

*We would love to come and share our ministry with your church, Sunday school class, circle, civic group, school or community event. Please continue to pray for this ministry as we reach out to the least in our world.*

*Faith, Family & Missions Fundraiser*

When Nancy and I accepted Jesus Christ as our Lord and Savior, He did a radical work on our love for each other, our family and our world. On April 23, at the Methodist Children's Home, we had a Family, Faith and Missions Banquet. Keith Brown was the brain child of this event. Our goal was to raise funds for 5 water wells in Northern Kenya. It was an absolutely wonderful night of worship. We had a delightful meal from Lonnie Bivens and staff and a meaningful message from Katharyn Richt with her husband, Mark, adding comments. The Richts family loves the Lord and they are deeply involved in Christian missions and ministries. We are very grateful to all who celebrated the night with us. American Natural Resources, owned by Tony, Sherry and Savannah Brady sponsored a water well during the event. As the celebration ended and the funds were counted by Keith Brown and others, we raised approximately \$65,000 for the water wells. Approximately 30,000 people will receive a drink of fresh clean water in Jesus' name. We have commissioned Michael Lolwerikoi of Asbury Seminary and Kenya to begin the work.

Our goal was 5 water wells but the devaluation of the dollar, the rising cost of diesel fuel, the high inflation of Kenya and the difficulty of transportation to these locations allowed only 3 water wells to be placed. The cost of the wells are approximately \$22,000. We are grateful for the 3 water wells and we will continue to believe God for the resources for more water wells so that the least will continue to be served.

In July, Rev. Eddie Morrison and I traveled to Nairobi, Kenya to meet Michael at the Nairobi Airport. It was a difficult trip, but we have seen the smiles of the Maasi people! We were excited to dedicate a water well to the glory of God and in honor of Mark and Katharyn Richt, their family and the University of Georgia Bulldog network.

On behalf of the recipients of these water wells we want to thank you for your thoughts, prayers, and financial gifts. We remember the words of Jesus, "when you do it unto the least of these, you have done it unto Me". Thank you!

*Christy Odom blessed us with a song, "People Need the Lord".*

"X" does not mark the spot, but "G" does for the location of the new water well for the people of Northern Kenya.

The Maasite people are excited about receiving the water well where "G" marks the spot! Go God!!

Sewing Ministry Continues!

Barbara Williams, from Pitts Chapel UMC, presents Bobby & Daniel Gale with dresses sewn by a group from her church.

Allentown UMC's vision continues to move into other churches. Pitts Chapel UMC & Sparks UMC made contributions of dresses and boys outfits to Ghana, Africa and Costa Rica.

This dress was the first new dress that this child ever had.

Work still continues in New Orleans. Bethel & Stapleton UMC led the work with five other churches joining their mission team, including three Baptist churches from the area.

Unto the Least of His partnered with Wesley UMC of Macon, GA on a mission trip to Costa Rica. Malissa Reynolds was a member of this team. She holds a child while the mother enjoys doing crafts with the other children.

Local Maasites bring their tithes & offerings to church, which consisted of 3 brown eggs, 2 bottles of goat's milk, 3 bags of beans and a few coins.

Esther drawing contaminated water from local river.

Fresh, clean water being given in Jesus' name to Esther's village by the partners and friends of *Unto the Least of His!*
