Our Vision  
*The vision for this ministry is to equip individuals & local churches to become more actively involved in Christian mission opportunities and service.*

A word from Bobby

Each year is divided into four parts, and we call those parts spring, summer, fall and winter. Some people even view life as a seasonal experience. Thanksgiving has come and gone, but being thankful should never end. During this Advent season and in this season of my life, I want to be grateful and thankful for those big and little blessings. I have not always shown my gratitude to the many people who have poured blessings into my life. As I sit here working on this word of thankfulness, I am overwhelmed by the kindness and mercies that have been shown to me. I did not wipe my bottom as a child and I did not teach myself to read and write, so I am grateful to those people that helped and brought me through that season. As a young person, I do not remember cooking my meals, but like magic they appeared! The lights were on at Trinity UMC when Nancy and I were married. We did not do it ourselves, but there were people who sowed generosity into our lives. When we started our family, we were able to purchase clothes that we did not make, but someone did. As we completed our college degrees, I do not remember laying a single brick at the college, but someone did. As we have continued to enjoy our Christian experience, I do not remember writing a single book in the Bible, but I sure have enjoyed it! I have enjoyed the shade of so many trees that I did not plant, that I am overwhelmed with gratitude. I would like to thank God and those people who have labored in the field of our lives and I am sorry that I **have not told you "Thank You". We are better people today** because of your gifts imparted into our lives. As a grateful and thankful person, I want to be like you, the person who makes a difference in the lives of others for the love of God and humanity. Merry Christmas and Happy New Year!

Every gift is making a difference!

Mannasseh Leteipa and Torrieana Triplett are two young people who are benefitting from scholarships made possible by you! Below is a letter from each one.

Greetings,  
 I hope you are doing well in Christ. I am doing well in school and am glad because the Lord has been gracious and kind enough to bring me this far in my studies. I really enjoy my studies and the lecturers are simply amazing. Above all I give glory and honor to God. I would also like to thank friends of Unto the Least of His and Shalom Water ministry for the scholarship awarded to me and the support I have received in purchasing books to aid in my studies.  
 I am now at the verge of completing my pre-clinical years and moving on to my clinical years which are to commence come January 2013. I believe as the Bible says that He who started a great work in you will bring it to completion that come 2015 I will be a licensed Doctor and will come join you in the field to serve God's people. Kindly join me in prayer.  
 GOD BLESS,  
 Mannasseh Leteipa, Nairobi University, Kenya

Agnes Scott College

Dear Mr. Gale and sponsors,  
 Thank you for strengthening my relationship with God by allowing Him to use you to help fund my education. Because of your donation, I know that I always need to trust God no matter what my obstacle may be. Now I can truly focus on school without constantly worrying about how I will be able to pay tuition. This unexpected blessing has changed my life, and I will always be grateful for what you have done. When I become a doctor and a public health advocate for low-income communities, I will remember what Unto the Least of His has done for me and become a donor. If there is anything that I can do to help your organization now, please let me know. Once again thanks for everything!  
 Sincerely,  
 Torrieana Triplett

Little Nialla was attacked by a hyena during school when she had to go use the "bush bathroom".

Early stages of the 4 bathroom facility unit at the school.

### New Latrine Facility for Students

Thank you for your support of Nialla's Project for clean water and sanitation. We are excited to report that the project has been completed! What a blessing and praise! This project ensures clean water for hundreds of students and villagers and will help protect them from diseases such as cholera, typhoid, dysentery, giardiasis, polio, diarrhea, bilharzia, guinea worm, intestinal parasites, and trachoma, a leading cause of blindness. Today, because of your support, a community water filtering unit and water storage tank, 4 bathroom facility units, and 2 showers have been installed. The storage tank will especially be important in drought or water emergencies and will provide a close source of water throughout the year. In the past, water had to be trucked in from 15 miles away when water supplies failed. We also distributed soap and hygiene supplies to over 500 villagers as part of the community education program organized to help teach villagers and school-children about safe hygiene practices and the relationship between water, sanitation, and disease. Dr. Tina Ramme

### **WHAT'S GOING ON?**

We always love being with our family at New Oregon UMC, Fort Payne, Alabama. These amazing Christians helped us build our house in 2003 and they have supported our work from the beginning. We are grateful for their help with the placing of another water well for an indigenous people.

Hurricane Sandy has left our nation with another natural disaster. We will be taking an exploratory team to Ocean, New Jersey in December. The New Jersey Conference has extended an invitation for us. Also, we are excited about the dedication of a new water system in Kenya during January. Rev. Rick Hamilton will join me as we dedicate this water well system in Northern Kenya. We will also be preaching and teaching at the local schools and churches. The Wesley Foundation has scheduled their spring break mission trip. We have on-going projects of corn meal purchasing, organic gardens, bicycles and motorcycles for pastors, Bibles for indigenous communities, water projects, mission experiences, women partnerships, solar ovens, Manna ministry, and many more. If you would like to know more, please invite us into a conversation. We would love to meet with you for the furthering of the Kingdom of God.

Merry Christmas  
From

The Gale Family

**A big thank you to our partners in this ministry! God has used you to serve Him and those that have been overlooked or forgotten, the least.**

**Thank you!**

**We would love to come and share our ministry with your church, Sunday School, circle, civic group, school or community event.**

**Please continue to pray for this ministry as we reach out to serve the least in our world!**
