December 2013

**Our Vision**

The vision for this ministry is to equip individuals & local churches to become more actively involved in Christian mission opportunities and service.

A word from Bobby

Beautiful memories. Isn't it a strange phenomenon of feeling young and old at the same time? I can remember playing sandlot baseball and football in the open field at Shuman Junior High School in Savannah (Twickenham) with my neighborhood friends like it was yesterday. I remember riding my yellow Schwinn bicycle all over Savannah, Georgia without a helmet or kneepads, especially to see Nancy Zipperer! I also remember camping with the Boy Scouts and how much fun we had. I can remember my calling to the ministry and how I felt inadequate for the call, and I was, but God has made a graceful experience out of it. When I attended the Candler School of Theology at Emory University, I remember how the words of Jesus were carefully evaluated, and I mean carefully! The Holy Spirit spoke His word in Matthew 25 to me while I was a young seminarian. It clearly states that every person has a talent or multiple talents in his/her life. It has a defining call for readiness and urgency with the parable of the Ten Virgins. It has a judgment message for faithful and unfaithful people of God. However, I really see God's love for the overlooked, forgotten, and least in Matthew 25 as he tells us to love His creation. The message resonated in me over 25 years ago and it still speaks to me today. The call of Matthew 25 for faithfulness has not changed. I can see my years and memories passing away, but the Word of God remains.

Well done, Jamie, My good and faithful Servant!

On October 29, 2013 Jamie Gibson, our friend, partner and board member of Unto the Least of His, went to be with the Lord. Love and works of God's mercies and grace connected our families. Jamie had an enormous heart for the Lord and His children. She was always supportive of me and Nancy as we launched out into the deeper waters of ministry. This woman was always talking about solar ovens and their importance. She felt that if people could gain an understanding of the sun's energy, their lives would be better. She planned on going with me to Africa one day because she knew that the solar oven technologies would enrich those indigenous women who fetched firewood every day to have a better life. At our kitchen table, we had delightful conversations with Jamie, dreaming about missions and how we could help improve the life of others. The Gale family and many others will miss Jamie Gibson. We know that she is in heaven playing with all the children. Thank you, Jamie, and may God bless your planted seeds for the posterity of the Kingdom of God! We love and miss you!

Dear Sparks UMC and Agape Stitchers,

Thank you so much for your donation of dresses for the children of Samburu in northern Kenya. These are greatly needed and appreciated! The local community is facing chronic, prolonged famine and lacks many basic needs such as adequate health care, food, and clean water. Therefore, clothing is considered a luxury item that few people can afford. Your gift will be treasured as a precious contribution to the life of a child, perhaps the only piece of new clothing that child will have in her entire childhood. On behalf of these children and their families, thank you! May God bless you for this gift.

From: Dr. Tina Ramme

I would like to acknowledge that Unto the Least of His has helped my Annual Conference of the North Katanga Episcopal Area of the UMC where I serve as an Elder and President of Kabongo Methodist University in the Democratic Republic of the Congo.

For a long time Bobby and partners have provided bikes, Bibles and water wells for UMC pastors and communities. Yesterday, he wired funds for a third water well to be located at Katongola village. We are thankful and we look forward to strengthening our ties in Christ's mission. Thank you for your donation that has a great impact on the lives of many people in the Congo.

What a blessing it was to be able to visit with the Rev. Dr. Eddie Enim from Coast for Christ Ministries in Ghana, Africa as he made a visit to the US recently. Pastor Eddie was able to be on the Mix in the Morning Show with Bobby where he shared with the TV and

radio audience about some specific needs of the ministry. Coast for Christ has been instrumental in building a hospital and a school in the community it serves called Winnabe (Windy Bay) Ghana. Both the hospital and the school are expanding to accommodate more people. The hospital needs more beds and the school needs more desks. We can help Pastor Eddie reach more people for Jesus by helping with these needs. CFC has also planted several churches in the area surrounding Winnabe. Some of these churches have no building to meet in and the ones that do, only have the very basic needs. Through UTLH and CFC your church can partner with one of these churches to help provide shelter, a pulpit or even an offering plate. It was wonderful to go to Ghana with UTLH two years ago and I look forward to going back to see what the Lord has done there since we last visited. To help Pastor Eddie with the hospital, school needs, or to partner with one of the church plants please contact Unto the Least of His.

Blessings,
Dr. Kimba Kyakutala Evarisite,
President

A big thank you to our partners in this ministry! God has used you to serve Him and those that have been overlooked or forgotten, the least. Thank you!

We would love to come and share our ministry with your church, Sunday School, circle, civic group, school or community event.

Please continue to pray for this ministry as we reach out to serve the least in our world!

Merry Christmas
