## **A Word from Bobby**

I am amazed at the “magic” that is practiced in Christian churches today in America!

I have heard and observed many people who say that they want their church to grow in Christ. Yet, I think that we have forgotten that it takes work to grow a church. Can you imagine a farmer walking out on his farm and stating that he wants a big harvest without working his fields, or a politician who wants to be elected to an office without running a campaign? The answer is no and I cannot imagine a church growing without work either. There is no replacement or magic wand for growing a healthy, vibrant church like old fashioned work.

Folks, it takes commitment and leadership to grow a healthy church. Work means to exert an effort! Many pollsters have stated that less than 20% of Americans regularly attend church. I believe most people want the benefits of the Christian life but many of us are falling short on our works and commitments. If our cars need some repairs, we would have no problem taking it to the shop and asking for help. I would like for us and our churches to be ready in season and out of season for the business of God.

Courageous and forward-thinking churches understand the importance of preparation and work in fulfilling their vision and ministry. Making disciples, growing vital congregations and transforming the world are a high call from God. These goals are best completed with the grace of God and a willing people who are ready to serve. Works of mercy and piety will help us to achieve our goals as individuals and churches.

As we look into our future may we see ourselves doing good service; clothing the naked, visiting the sick, feeding the hungry and giving a drink of water to the thirsty. Can we assist the needs of the poor and work for justice? As we partner in this type of Christian faith, the gates of hell will begin to tremble and the captives will begin to come home. Our churches will be full of testimonies of the goodness of God and the Blood Atone-ment of God still transforms and works for redemption of all.

Dear Miracle Makers,  
Thank you so much for your gift of a water delivery truck, which will be a tremendous blessing and answer to prayer to villagers in Samburu who are desperate for clean and safe drinking water! The booster not only will bring water to people in remote villages, but is also providing employment to 2 drivers, shown here, William and Ngote. This is supporting their families which includes 17 children (some are orphaned and then taken in by a relative, in this case, an aunt).

With grateful hearts and love,  
Dipa, Naomi, Tina, and all the Samburu

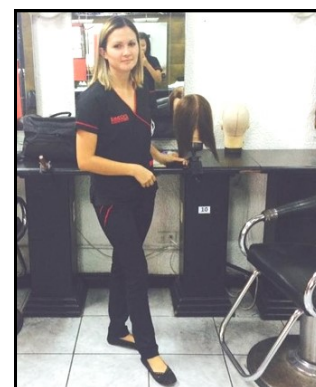

Our new water storage tank was damaged by an elephant and is needing to be replaced. We are trying to get 5 more tanks for the Lerate area. Buying and placing the tank is about \$2000.
