

SEPTEMBER 2019

## A Word from Bobby

Harvest Time! As I have traveled throughout Georgia, I have noticed many farmers are hard at work. Harvesting is the process of gathering ripened crops from the field. Reaping is the cutting of grain for harvest. On large farms, harvesting or reaping usually utilizes expensive and sophisticated farm machinery, such as the combine harvester.

A crop is a plant product that can be grown and harvested extensively for profit or sustenance. Most crops are cultivated in agriculture or aquaculture environments. In Willacoochee Georgia, I remember seeing an aquaculture farm that was producing squash and it was totally brilliant and effective.

There has been a variety of cultivated harvesting that I have seen in South Georgia farming communities like onions, strawberries, cabbages, corn, peanuts and even timber and pine straw gatherings. However, too much or too little rain can complicate the harvesting process and results. Each type of harvesting involves praying, planning and hard work. There is no replacement for any of these steps in the harvesting process.

Unto the Least of His has been praying and strategically working with our partners in the harvesting in Central America, Africa and at home. The hand-made little dresses and book bags are being delivered to the marginalized children. The chicken ministry is clucking along in Costa Rica and the African water well projects are producing fresh clean water for the indigenous and marginalized communities. I recently heard hope from a Georgia Peach, "I thought that my church was going to die, but it looks like we are alive". The medical clinics are providing unique services to the overlooked communities in their areas of the world where malaria is an every day occurrence.

It is definitely harvest time according to the Bible, Jesus said, **"The harvest is plentiful, but the laborers are few."** (Luke 10:2). There is no replacement for you and I want to say thank you for your partnership with us in these labors of love and works of mercies.

May God continue to give us strength, peace of mind and good health for the harvest and may our labors not be in vain.

God bless you!  
Bobby and Nancy Gale

### **Our Vision**

The vision for this ministry is to equip individuals & local churches to become more actively involved in Christian mission opportunities and service.

### **To our Friends and Partners**

A big **thank you** to our partners in this ministry! God has used you to serve Him and those that have been overlooked or forgotten, the least.

We would love to come and share our ministry with your church, Sunday School, circle, civic group, school or community event.

Please continue to pray for this ministry as we reach out to the least and forgotten in our world!

### **South GA Conference advance special number**

Our designated number is  
#7672

We had a great time at the Effingham and Adrian Camp Meetings. I was able to see my beautiful niece, Natalie, at the Adrian Camp. God was doing some amazing works throughout these camps!

### RINCON UMC

It was a joy to be at the Rincon United Methodist Church. They have started a sewing group for fulfilling the Biblical words of Jesus, "I was naked and you clothed me".

Also, they have sponsored another water well project for Northern Kenya! Rev. Michael Finn and the RUMC are making some amazing accomplishments for the Kingdom of God!

Dr. Gabriella Nanci and the Agape Stitchers came together to make a beautiful contribution in Ghana. The Stitchers provided over 200 book bags and other cool items while friends of the Yonkofa project filled them with school supplies.

### **GHANA, AFRICA**

We had a table set up at Pastors' School at Epworth by the Sea. It was interesting to see and hear about all the different ministries of the world. God is good!

Dears friends and partners, Village Achimfo tanks installed in Ghana, West Africa. Thank you to Unto the Least of His for supporting this project!

Gabriella Nanci, M.D.  
President

Unto the Least of His sponsored a few cows for the marginalized people in Northern Kenya.

Newest water well recipients in Kenya. I believe that they like it! A true Christian labor of love for the marginalized people of the world. A big thank you to Dr. Tina Ramme for her collaborative effort and experience. A great big hug to all our partners and friends that helped with their financial gifts and prayers. We love you and may God continue his blessings and favor on our ministry!
