

MARCH 2020

A Word from Bobby

How to have your Most Incredible Year Ever!

Simple instructions for having a great year and life from the Bible. The secret is to serve and live for others every day.

Jesus called them together and said, "You know that the rulers of the Gentiles lord it over them, and their high officials exercise authority over them. Not so with you. Instead, whoever wants to become great among you must be your servant, and whoever wants to be first must be your slave – just as the Son of Man did not come to be served, but to serve and to give his life as a ransom for many."

Matthew 20:25-28

Our Vision

The vision for this ministry is to equip individuals & local churches to become more actively involved in Christian mission opportunities and service.

To our Friends and Partners

A big **thank you** to our partners in this ministry! God has used you to serve Him and those that have been overlooked or forgotten, the least.

We would love to come and share our ministry with your church, Sunday School, circle, civic group, school or community event.

Please continue to pray for this ministry as we reach out to the least and forgotten in our world!

South GA Conference advance special number

Our designated number is
#7672

No one is useless in this world who enlightens the burdens of another." Charles Dickens (1812-1870)

I don't know what your destiny will be, but one thing I do know: the only ones among you who will be really happy are those who have sought and found how to serve."
Albert Schweitzer (1875-1965)

The happiest people on earth are not always the most prosperous individuals, but these joyful people do know how to love and serve others. I have met a lot of affluent people, by the world standards, who are not joyful or happy people, but I have rarely met an unhappy individual who is serving and giving to others.

Unto the Least of His is a loving and serving ministry that finds its peace and joy in serving the marginalized and overlooked people of the world. Recently, we have placed 2 medical clinics, new water wells in the Congo and Kenya, and dispersed baby blankets, school bags and clothes for the needy. However, we are excited to announce that we are believing God for 40 new water wells to be placed in the Democratic Republic of the Congo with Paul Law. Each water well is going to cost about \$10,000 and will have the potential of serving approximately 26,000 people. The region is centered around Lodja, Congo.

Please join us as we believe God for these life giving water well miracles!

A LETTER FROM OUR PARTNERS IN MINISTRY IN EAST SAMBURU

Thank you so much for helping to provide clean water for villagers in northern Kenya. We are so blessed by these water tanks and trailers.

It's like having a mobile water well! These will help carry clean water to any villages wherever there is a need. This will save countless lives, especially in an emergency. We can also bring water to construction work sites such as clinics or community water tank cisterns.

Each trailer holds 5000 liters of water and will serve thousands of villagers. They will require little maintenance, yet are also a sustainability project -- they can also provide potential income through the delivery of clean water to local businesses when not being used in villages!

We are so thankful for this gift!

REGION NEAR LODJA, CONGO

Well drilling truck

Well drilling auger beginning to turn

This is the process and the region that we are believing God for 40 new water wells.

Praise the Lord, these new water wells being drilled by team Congo will bring renewed hope and health for all who draw and drink pure clean water from them!

Please keep our partners, Paul & Marty Law and Dr. Kimba Evariste, in your prayers as we serve these beautiful people.

Blowing out the well for impurities

Three panel solar system for solar submersible water pump

Woman drawing fresh clean water to the glory of God!

Swarm of locusts increasingly creates threat to Samburu pastoral land. Very soon livestock will not have grass to feed on which translate into drought and famine!

From
Dr. Michael Lolwerikoi

Great solution for gardening and farming.
These greenhouses cost about \$2500.
