**Our Vision**

The vision for this ministry is to equip individuals & local churches to become more actively involved in Christian mission opportunities and service.

**To our Friends and Partners**

A big **thank you** to our partners in this ministry! God has used you to serve Him and those that have been overlooked or forgotten, the least. We would love to come and share our ministry with your church, Sunday School, circle, civic group, school or community event.

Please continue to pray for this ministry as we reach out to the least and the forgotten in our world!

**A Word from Bobby**

Clean water is a gift from God that I often take for granted, yet so many people around the world struggle to access it. I've seen first hand in Africa and in Central America how the lack of clean water affects families. I have seen adults and children walk for miles just to fetch water that isn't even safe to drink. However, clean water is life and providing it to those in need is a tangible way to show God's love.

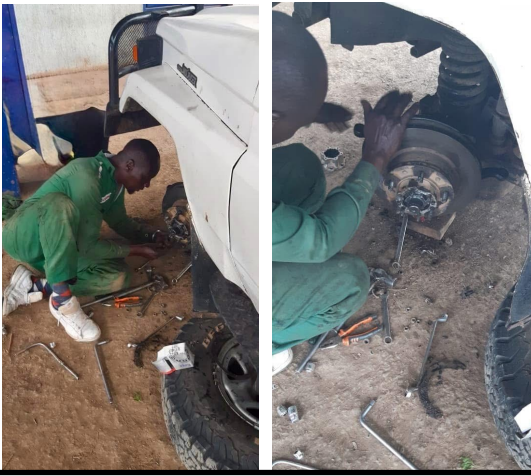

As we enter this next season of Lent, we are reminded to reflect, pray, and give. Lent isn't just about what we give up; it's about drawing closer to Christ and learning to serve others. Jesus Himself said, "when you did it to the least of these you did it unto Me" (Matthew 25:40). What better way to live out our faith than by ensuring others have access to safe, clean water?

Easter is the celebration of new beginnings and second chances, bringing clean water is like Easter, bringing new life and second chances to communities around the world. It improves health, strengthens families, and provides hope for a better day. As we journey through Lent and prepare our hearts for Easter, let's remember that small sacrifices whether in fasting, prayer, giving or doing the Jerrican Ride may make an eternal impact on you and others.

As we seek to grow in faith during this 2025 season of Lent, let's remember that serving others is a central message of Christ's teaching while here on earth (Matthew 20:26). He said that anyone could be great if he was willing to serve others. I hope to serve God and others by completing the Jerrican Ride to the Washington Monument. We have approximately 150 miles for the completion of the clean water ride campaign which started in a small village in Kenya to Fort Pulaski, Cockspur Island where John Wesley and General Oglethorpe prayed for their little flock to the Equestrian Statue of John Wesley in Washington DC and then to our final destination the Washington Monument.

Living out the Christian life with benefits should be a joyous life!

Sometimes, we see the incredible impact of a water well project, but we may not fully understand the many steps it takes to bring clean water to those in need. Every project has hundreds of working parts, each requiring careful coordination, resources, and skilled labor. Today, we are facing one of those crucial but often unseen aspects—vehicle maintenance and repairs.

In remote areas, where access to clean water is already a challenge, even something as simple as repairing a vehicle can become a major hurdle. Without a nearby dealership or parts store, every breakdown demands creativity, and determination to keep the mission moving forward.

As we continue this journey, please remember to pray—not just for the success of the project, but for the safety, endurance, and wisdom of the workers involved. Every step matters, and every prayer makes a difference.

I love Bishop Swanson's love for the least and overlooked people of the world. Recently, he asked if we could help with a pastor in Nairobi, Kenya. Pastor Moses is his name and he is a great leader who does some amazing works of mercy. It is always good to connect with God and God's people.

Do not despise small beginnings! Congratulations to Kimba Evarsite for being elected as the first Bishop in the Global Methodist Church. Our Kimba is the bishop of the Florida Conference and areas in the Congo.

Lunch at Na'an was a true blessing—filled with inspiration, wisdom, and fellowship. It was an honor to share time with Rev. Drew Humphreys from Compassion Christian East Campus Church, Rev. Sam Paul from Good Shepherd Global Methodist Church, Pete Cates from Maycrest Hardware, and Padman Bagh of Save and Safe Clean Water from India.

Silent servants are all around us—those who quietly work behind the scenes to make life better for others. They don't do it for recognition or praise, but because of their heart for service. My nephew, Christian Ingram, is one of them. I saw him clearing snow from the parking lot at Eastside Compassion Christian Church and St Luke UMC, not because anyone asked him to, but because he wanted others to be safe as they came to worship.

His actions remind me of Matthew 23:11: "The greatest among you will be your servant."

We've been reminded over the past few days just how powerful love, family and connection can be some of the greatest gifts God has given us!

I had such a wonderful time yesterday with the Irwinton UMC sewing group! They were busy quilting for God's people, and it was such a joy to see Cindy Duke, Peggy Roberts, Donna Willoughby Simpson and Bitzy.

As I was hearing about the incredible food pantry ministry and the clothing missions, it was truly inspiring. Their hearts for service have been such a blessing for years! I'm praying for abundant blessings over them, their families, and all the recipients of their love and service.
